

Down By the Bay

Down by the bay, where yogis play
We like to be, where we feel free
And when we're there, we don't have a care
Did you ever see a cow that said meow?
Down by the bay

Down by the bay (*yeehaw*), where yogis play
We like to be, where we feel free
And when we're there, we don't have a care (*chill*)
Did you ever see a boat sailin' on a goat?
Down by the bay

Down by the bay, where yogis play (*aw yup*)
We like to be, where we feel free (*woowee*)
And when we're there, we don't have a care
Did you ever see a flower takin a shower?
Down by the bay

Down by the bay (*heh heh heh*), where yogis play (*play that fiddle*)
We like to be (*oooo wee*), where we feel free (*are you feelin' it*)
And when we're there, we don't have a care (*no sir*)
Did you ever do a dance with ants in your pants?
Down by the bay

Ah, ah ants!
Oh man they're everywhere
Dang those ants
Garsh that hurts
I think I danced em clear outta my pants

Down by the bay, where yogis play
We like to be, where we feel free
And when we're there, we don't have a care
Did you ever see a snake bakin' a cake?
Down by the bay

Down by the bay, where yogis play (*awww yup*)
We like to be, where we feel free (*ahhh*)
And when we're there, we don't have a care (*no siree*)
Did you ever see dog goin' for a jog?
Down by the bay

Down by the bay (down by the bay), where yogis play (*yuck yuck yuck*)
We like to be (*golly*), where we feel free (*like a breath of fresh air*)

And when we're there (*I'm there, I'm there*), we don't have a care
Did you ever see a turtle wearing wearin' a girdle?
Down by the bay (*he looks so purty*)

Down by the bay (*yeehaw*), where yogis play (*woo*)
We like to be, where we feel free (*doseydoe*)
And when we're there (*shazam*), we don't have a care (*wowee*)
Did you ever see a star?
Did you ever see a mountain?
Did you ever see a hero?
Did you ever see a lion?
Down by the bay

Down by the bay, that's where we'll lay
We've had some fun, but now we're done
So now we'll rest, secret garden's best
Have you ever layed still when it's time to chill?
Down by the bay
